ABOUT AMERICA250PA

The Pennsylvania Commission for the United States Semiquincentennial (America250PA) was established by the legislature and Governor in 2018 to plan, encourage, develop, and coordinate the commemoration of the 250th Anniversary of the founding of the United States, Pennsylvania's integral role in that event, and the impact of its people on the nation's past, present, and future.

ABOUT BELLS ACROSS PA

America250PA is now accepting design submissions from Pennsylvania artists for the 'Bells Across PA' art series to commemorate the 250th Anniversary of the United States in 2026. The selected artists will execute their designs on three-foot tall fiberglass bell sculptures.

These bells will be adorned and magically transformed by local artists and sponsored by businesses or individuals as part of America250PA's efforts to celebrate the commemoration of the 250th Anniversary of the United States. Our goal is at least one bell in each of the 67 counties across Pennsylvania. We hope for many more!

WHEN

Exterior bells will begin to be placed in late 2025. All bells must be in place by December 31, 2025 and remain on display through December 31, 2026. Interior bell placement timing will vary.

WHERE

The bells will be displayed in various locations across Pennsylvania in each of its 67 counties. Public bell locations will be included on America250PA's 2026 Commemorative Map.

ARTISTS DEADLINES

America250PA is accepting applications now from artists who wish to participate in Bells Across PA. Final calls for artists will be Spring 2024 to prep and paint their bells for exterior display. All bells must be in place by December 2025. Each artist whose design is selected for the exhibition will be provided with a 3 foot by 3 foot, blank, ready to paint fiberglass bell and will be paid a \$1,250.00 honorarium.

ELIGIBILITY

'Bells Across PA' is open to all **PENNSYLVANIA** artists and groups from the acclaimed to the amateur. Painters, sculptors, craftsmen, multi-media artists, and other wildly creative people are all encouraged to apply. Each commissioned bell will receive one honorarium regardless of group size.

DESIGN APPLICATION SUBMISSIONS

All bell design proposals must be received by July 30, 2022.

ARTIST DESIGN AWARD DATE

Decisions will be made on a rolling basis (upon receipt) through December 31, 2024.

DEADLINE TO RETURN FINISHED BELLS

Interior bell placement will vary based upon sponsor's wishes. ALL bells should be completed including finished design approval by commission representative, by March 2025.

PAINTS, TOPCOATS AND WEATHERPROOFING

All bells placed in areas accessible to the public will be listed on America250PA's 2026 Commemorative map. Please note, that not all Bells will be in public locations but will still be included in posts, press, etc. Although some bells may be positioned indoors, in creating a design, please consider carefully the weather and other elements of nature, including sun, rain, wind, and dirt. We cannot guarantee that a given bell will be placed indoors or in a weather-protected location.

Additionally, Bells Across PA is an interactive program that allows the public to touch and feel the designs. As such, designs should be created with durability and public safety concerns in mind. Although objects may be attached to the bells, artists should be aware that vandalism can and unfortunately does occur. Any object added to a bell should be attached in such a way that it cannot be easily removed.

The surface of each bell is primed by the manufacturer. Unless you have altered the exterior of the bell, you will not need to reapply a primer. Acrylic paint, artificial resin paint, or two-component paint can be used to paint the bells. A minimum of three coats of varnish is required using a two-part, hard gloss varnish. This step is crucial to the ultimate durability of your bell, and bells that are returned unvarnished or which are incorrectly varnished may not be exhibited. Paint does not have to be the only medium. Hodge Podge your bell with photos or yarn bomb it! All forms of art are welcome! It is up to the artist.

Each bell will be affixed to a base.

INSTALLATION AND REPAIR OF BELLS

Artists will not be responsible for the installation of the bells, as America250PA will manage this process. Artists should, however, be available for any possible touch-up work that may be required once the exhibit is underway in 2026.

DESIGN GUIDELINES

Artists should bear in mind that the audience will be broad-based and of all ages, and designs should be appropriate for public display. Designs that are religious, political, or sexual in nature will not be accepted. As outlined below, designs will be evaluated to ensure they conform to these guidelines.

America250PA may reject any design that, in its sole discretion, does not adhere to these guidelines.

Please include in your design two or more of the following America250PA focus areas that are specific to your county:
